The Recall

1949

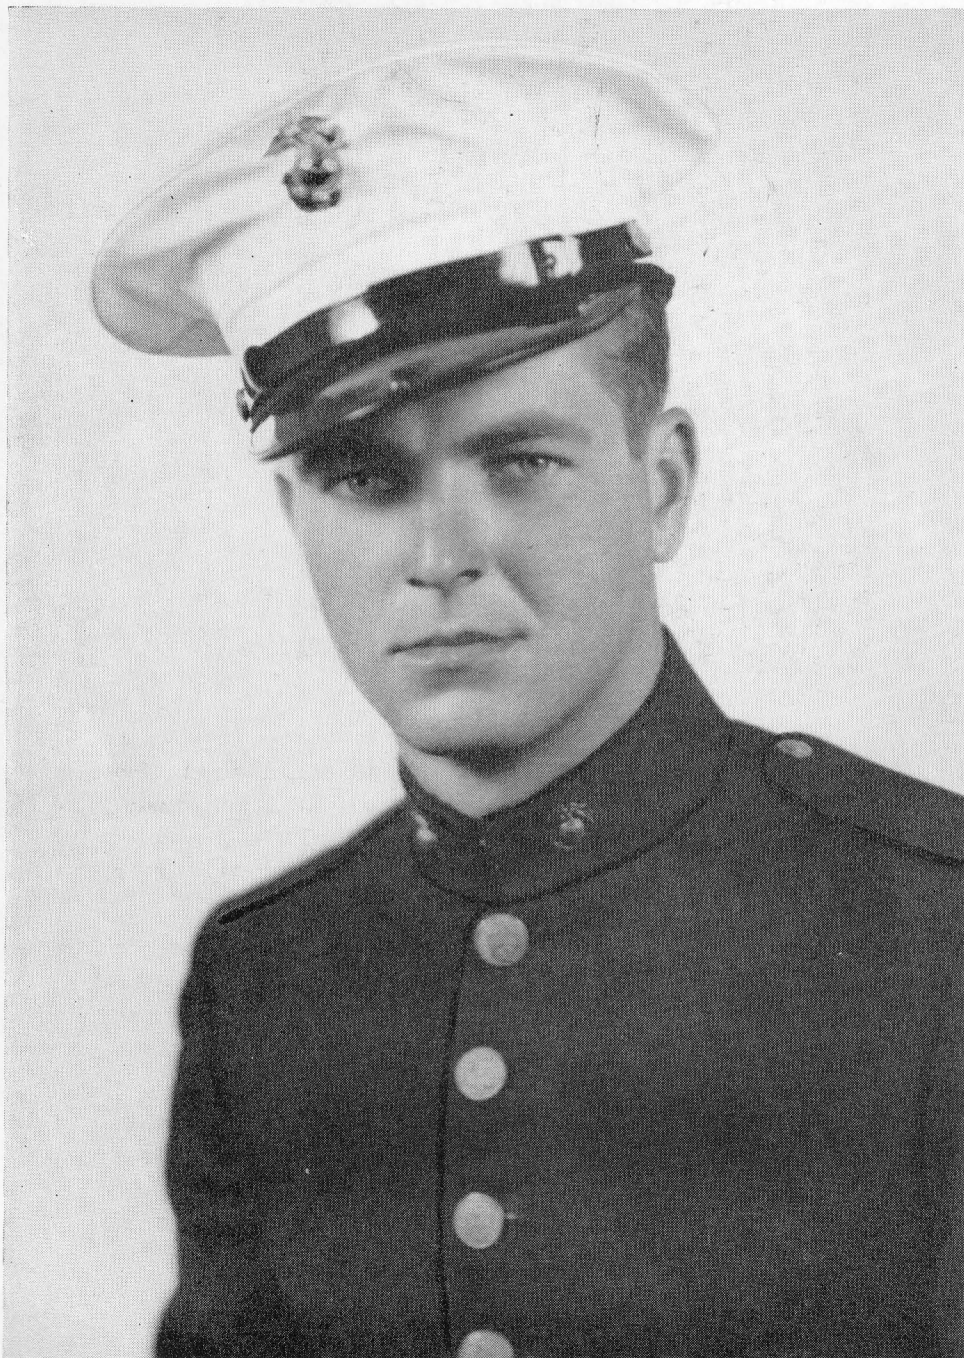

Annual Publication of the Cadet Corps

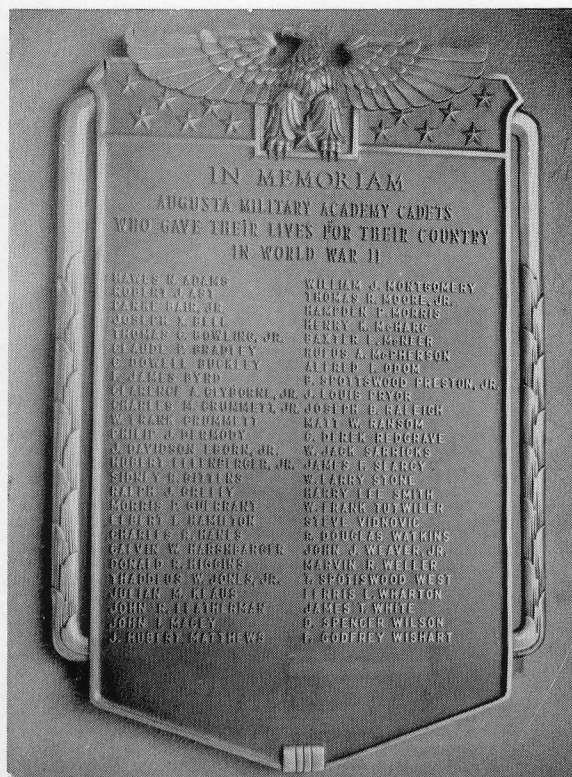

AUGUSTA MILITARY ACADEMY

Fort Defiance, Virginia

DEDICATION

JOHN DAVIDSON EBORN, JR.

This RECALL is dedicated to one of the first young Americans to give his life in the struggle against Communism. His name was John Davidson Eborn, Junior, and he was First Captain and an honored graduate of this Academy. It was less than two years after graduation that Dave fell in China, the victim of an army of fanatics.

It is not without pride that we hope that some of the high character and devotion to principle that led Dave to the last fateful performance of his duty was instilled in him here. And we also hope that the voice which once echoed from the Barracks and over the Parade Ground will be a constant reminder to us that there is no work more important the protection of what we believe right.

Dave's name can be found on the plaque in the Front Arch. It is not alone. The majority of those whose names appear there were young. For that reason, the plaque is a memorial, not to impersonal, dead heroes, but rather to many talents unexploited, and youthful promise unfulfilled. And also for that reason, those of us who read this, and who are also young, would do well to take to heart the lesson that they died to teach us.

Foreword

We have tried to make the 1949 RECALL as much a part of the Senior's final year as a Senior Ring or a Citation Cord. If, in a number of years, this book will stir in you a feeling of nostalgia, we shall have accomplished our purpose.

Within are pictures of our friends and scenes of our daily life that will bring back pleasant memories of A. M. A. in 1949.

With hopes that our work may serve our purpose, we now turn over to the Corps of Cadets the record of a successful year at Augusta Military Academy.

Furman University 1901-1902-1907
V. M. I. Football Coach 1907-1908
A. M. A. 1905-1949

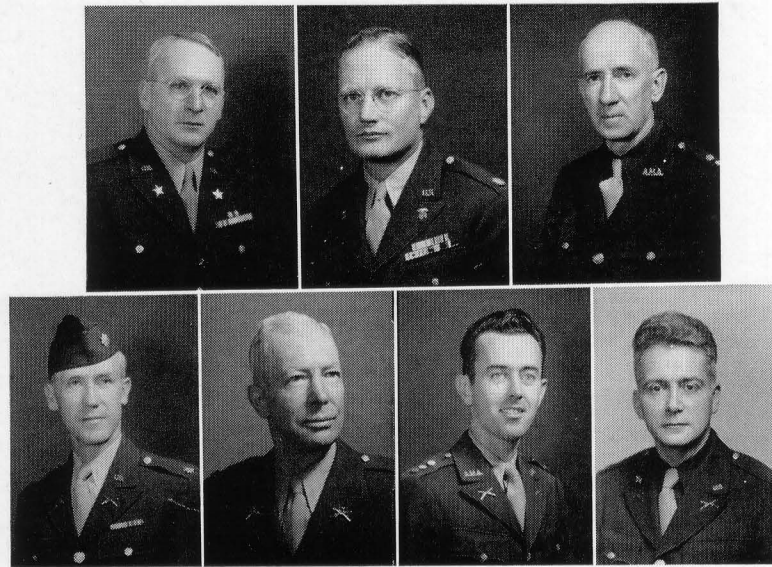

For well over fifty years, Colonel Charles S. Roller has been intimately associated with the Augusta Military Academy. Brought up almost in the shadow of this institution, he has watched it grow from a small beginning under his father, Professor Charles S. Roller, to its present size and far-reaching influence.

Following the retirement of their father, our present principal and commandant with his brother, the late Colonel T. J. Roller, took up the reins of management of this Academy. This partnership continued until March, 1946, when Colonel Tom passed away. Since that time, Colonel C. S. Roller has conducted the affairs of the school, which has prospered since he took complete charge that day in 1946.

ROBERT E. BRADFORD

Bob's work with the *Bayonet* and *RECALL* helped make these publications possible. Add to this effort his work in the Commandant's and PMS & T office left little time for his work for his academics, Yet consistently at the top of the Honor Roll. Journalism or photography are his vocations.

Major Robert T. Dunn

Deserving of our thanks is this year's Military Department. A more outstanding one has yet to be assigned to this Academy. Both in the classroom and at drill, the training offered has been of a type to arouse interest among the cadets and to emphasize the responsibilities and skills required of a potential reserve officer.

At the head of the department is Major Robert T. Dunn, himself a product of the R. O. T. C. program, and thus able to appreciate the problems arising in a setup such as ours.

Our assistant P. M. S. & T. is Captain Edwin M. Aldrich, a graduate of this school and of the United States Military Academy at West Point. Due to his ever-present influence, the finer points of our military life have been emphasized.

The remainder of the department is made up of four sergeants detailed by the Army to assist in every way possible. Their efforts have rendered them invaluable.

COMPANY

John Morris came to Augusta six years ago and has since risen to first captain and commander of Company "A". During these six years Johnny has been one of the outstanding cadets in the Corps and last year he received the medal for the best student in Military Science. Largely due to his work this year's corps has been one of the best in the history of A. M. A. Along with his work as Battalion commander he has done an outstanding job with "A" Company and has made it one of the finest in the corps. Although he has received many honors in the military life here at Augusta, they are but few in comparison with those which he has gained in other phases of the life here at Augusta. John was elected to vice president of the student body, secretary of the Cottillion club, president of the Final Ball and Commander of the Roller Rifles. He is constantly at the top of the Honor Roll and is one of the best liked cadets in the school.

The captain of "B" Company, Jim Welch, is widely known as a "regular guy", but one whom those who break Augusta's regulations may rightfully fear. The third member of his family to attend this school, "Jimboy" has equaled if not surpassed, the records of his two brothers. He has risen from the status of a new cadet, and an outstanding one, to the captaincy of Company "B". This alone is nothing to be sneezed at, and it is accompanied by other accomplishments of equal merit.

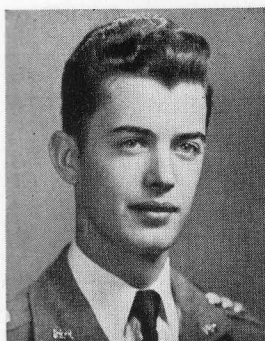

Also the third member of his family to graduate from Augusta is Lewis Barnes, captain of "C" company. He has been outstanding in the classroom, on the athletic field, in his military work, and it is no wonder that he was chosen last fall to lead a company. His integrity and interest in his job have been noted by all who came in contact with him officially, his friendliness and courtesy, by those with whom his contact was unofficial.

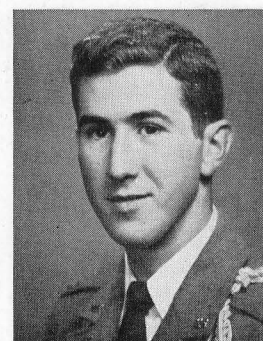

Physically short, Fred Shappee, company commander of Company "D" is a tower of strength in the preservation of discipline. His undaunted efforts to reach the top of the ladder have brought him a reputation for industry unequalled throughout the corps. Notwithstanding his diligence, Fred has somehow managed to enjoy his four year sojourn here, and is well known as a prince of good fellows. In short, he is a stellar product of Syracuse, New York.

CAPTAINS

In the captaincy of "E" company, Ben Gibson has undertaken a difficult job. However, he has managed it well. With infinite patience and understanding he has by example and deed, accomplished more than most thought possible. Personally, we all know Ben to be one of the most outstanding gentlemen this school has ever graduated. Beyond this, we need say no more.

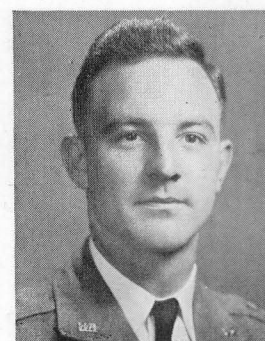

In this year's Band we have a musical organization of exceptional merit. Credit for this is largely due to the unflagging effort of the captain, Pete Pappas. A leader socially, Pete is well known for the friends he has made both here and in the surrounding area. As a likable fellow and an efficient officer he is tough to beat.

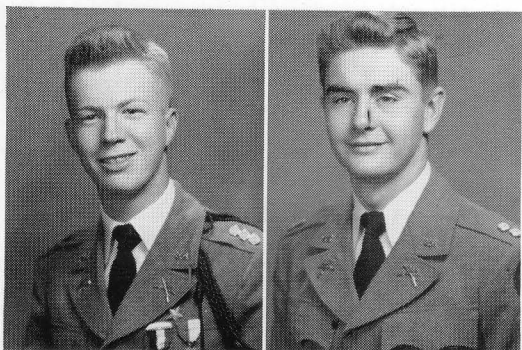

Perhaps the most difficult task which a cadet can undertake fell to the lot of this year's captain of Headquarters Company, Louis Phillhower. The duties of the commander of the Battalion's largest company are rigorous enough alone, but with the added responsibility of maintaining an efficient mess hall, his job assumes the proportions of Mt. Everest. However, his appointment was far from being a mistake. On the contrary, his responsibility has been discharged in a competent manner, and his work generally has been deserving of the highest praise.

Dick McLaughlin captain of the staff, is another whose assignment has been more than difficult. Man of a thousand skills Dick has, in addition to his military duties, worked hand in hand with the captain of Company "E" in helping the juniors to play their part in cadet life. As a sincere, polite, and helpful friend to all who need him, Dick surpasses all others.

The Battalion Adjutant, Frank Conley, has displayed his abilities as a cadet officer to full advantage this year. Guard assignments, which it is his unpleasant duty to distribute have been handled more than well, given no one a right to complain. His suggestions for improvements in the corps have often been acted upon, and his good judgement is something upon which all can rely.

FOOTBALL RESUME

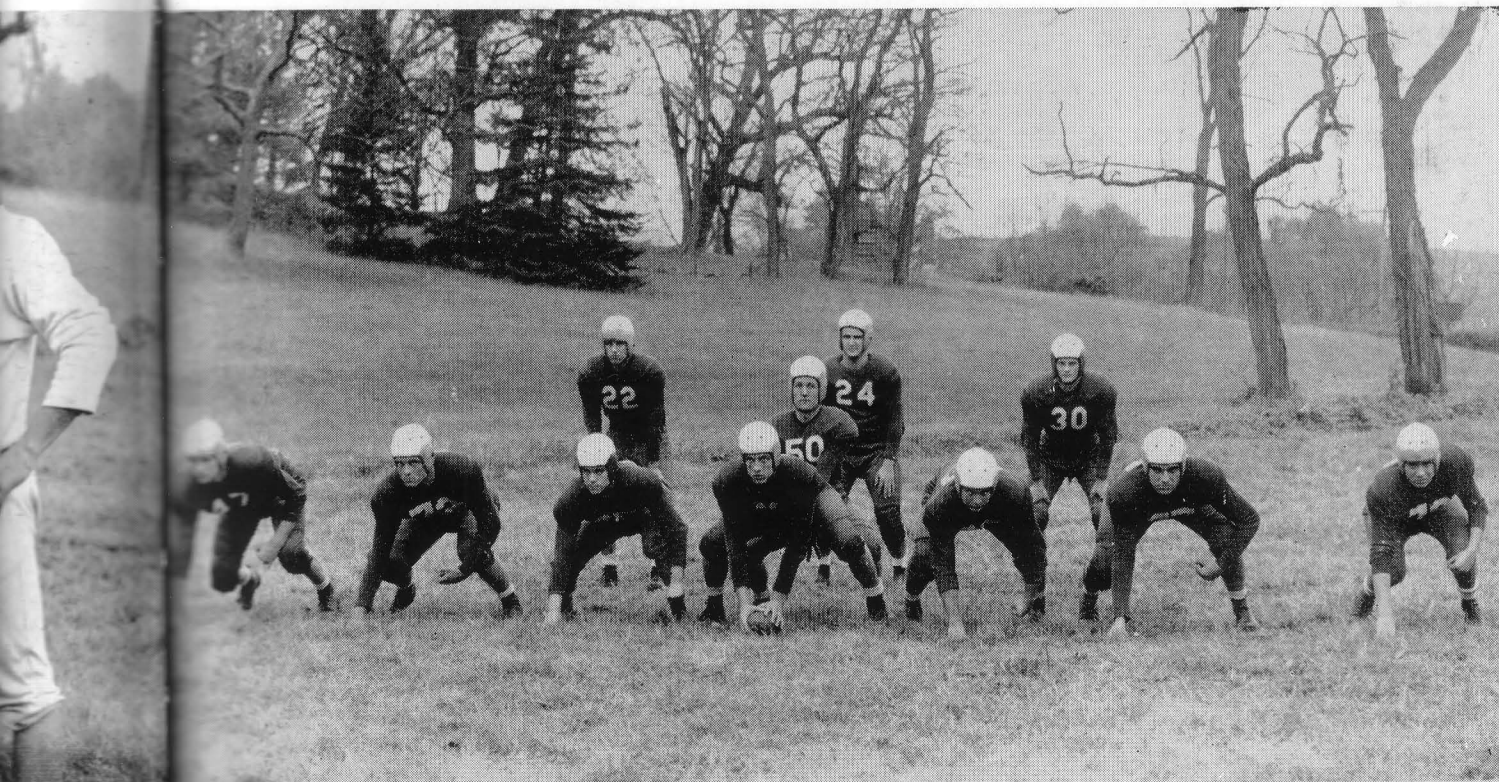

AUGUSTA 58 — HARGRAVE 0

Augusta opened the season by trouncing Hargrave on their field 58-0. The first period ended with the score 6-0 in Augusta's favor and in the remainder of the game, the cadence was really stepped up. Kozma pounded across for a TD and thus the half ended. In the second half, AMA stayed in Hargrave territory. Matthis, Fields and Kozma ran into pay-dirt and Johns passed or plunged over for three consecutive tallies. In the quarter Kozma intercepted a pass and went for a score and Fields made his second score by racing 38 yards for a touch down. The game ended with Augusta having the ball on Hargrave's 6 inch line, the score being 58-0.

AUGUSTA 9 — GEORGETOWN 6

Bouncing back after a sluggish first half, the Augusta warriors made a touch-down, conversion and a safety in the second half to take a thrill packed victory from the Baby Hoyas of Georgetown 9-6. Both lines were strong and it was practically impossible to make any gains on the ground. It was a pass from Johns to Ramsey that accounted for AMA's tallie and Mrvos' placement split the up-rights. Near the last of the game, with Georgetown on their own fifteen yard line, the Hoyas attempted to pass and were chased completely out of the end zone by Grimmer and Miller of AMA. It was a hard fought victory and was indeed well earned.

A. M. A. USUAL STARTING LINE UP

Line: Ramsey, Philhower, Phillips, Thompson, Guthrie, Siegel, DiPasquale.
Backfield: Allen, Murray, Johns, Kozma.

AUGUSTA 13 — GREENBRIER 0

Rebounding from its defeat by V. P. I., the Augustians stopped Greenbrier 13-0 for its third win in four starts. Although used sparingly because of injuries, Don Johns sparked the attack for the Big Blue and plunged across from the four for our first tallie. AMA's second TD came in the third period when Piney Fields ran 53 yard on a Greenbrier punt to score. Fisher's boot was good. Lanky Allen supplied most of the forward motion for AMA with the able assistance of Alex Kozma.

AUGUSTA 13 — FORK UNION 0

Alex Kozma, 169 pounds of football dynamite, led the Augusta team to a thrilling victory over Fork Union in Lynchburg before 5,000 spectators and the Augusta corps. The thrill of the game came when Marinkov of FUMA took a reverse and went all the way to the Augusta 38 before Kozma, the only man between him and the goal, brought him to earth with a jarring tackle. Later, Kozma passed to Johns in the end zone for a tallie and Fisher's placement was good. In the fourth quarter Kozma raced 24 yards for the game's only other score.

AUGUSTA 26 — V.M.I. 13

Taking advantage of two fumbles which turned into touchdowns Augusta bowled over V. M. I. 26-13. Augusta had control of the ball game during most of the four quarters and stopped V. M. I.'s supposedly strong running attack. V. M. I. only completed six out of twenty-two passes but two of these were good for the V. M. I.'s scores. In the first five minutes of the game, Murray tossed a short pass to Johns in the end zone for a tallie. Fisher's kick was good. A few moments later, Johns plunged over for a second tallie. In the second quarter, Johns passed 35 yards to Bradberry for a score and Fisher's boot went between the uprights. Still in the second period, Johns took a lateral from Murraray and tossed a pass to Bradberry who made pay dirt for AMA's final score.

AUGUSTA 39 — MASSANUTTEN 0

Augusta scored in every quarter to whip an outclassed Massanutten team 39-0. The AMA cadets made 279 yards rushing to Massanutten's minus nine. Augusta rolled to its first touchdown the first time it got its hand on the ball. After gaining 67 yards in seven plays Murray passed to Ramsey for the score. Kozma returned several punts for some distance and put AMA in scoring position more than once in this way. The second and third stringers played exclusively in the final period.

AUGUSTA 20 — WEST VIRGINIA 19

Bill Fisher made only two points but they proved to be decisive as Augusta squeezed out West Virginia 20-19. As the game got under way it looked like tough going for the Augustians as the West Virginia frosh rolled 75 yards to score. Toward the close of the first period, however, Johns took a handoff from Murray and raced 43 yards to score. Later, AMA recovered a fumble at midfield and on the next play, Johns passed to Bradberry for a tallie. In the fourth quarter, Kozma took a West Virginia punt and weaved 79 yards for a score without having a hand laid on him as he sped along.

AUGUSTA 32 — FISHBURNE 0

Augusta triumphed over its annual rival, Fishburne, in this season's Turkey Day tilt. Though outclassed and outweighed, Fishburne Military School fought hard in a losing battle to be defeated by the Big Blue 32-0. With as many substitutions as were made in this game, it would be hard to pick out an outstanding man but Johns was certainly the star for Augusta. Fishburne made only two scoring threats, driving to AMA's fourteen in the second quarter and to the 25 in the fourth. This completed Augusta's season, with the exception of the post season tilt which made AMA the military champs, and no other prep school scored on Augusta during the season.

SECOND ORCHID BOWL CONTEST

Concluding a season in which it was unscored upon by a prep school team, the Augusta cadets made ready for their trip to Chattanooga, Tennessee for their second consecutive trip to the Orchard Bowl tilt there. The post season opponent was Excelsior High School, champions of Missouri, who had not lost a game in twenty-one tilts.

Despite the fact that the Excelsior boys were not easily downed, the Augustans defeated the Missouri team 55-6.

FIRST QUARTER

Don Cazzell, Excelsior's speedy halfback, took Sam Mrvos' opening kick on the nine and scooted 91 yards through a sea of mud to tallie for Excelsior. Except for a brief attack in the third period, this was the only offensive showing for the Missouri eleven. It only had possession of the ball three times in Augusta territory including Cazzell's long run. On the second play after the kick-off, Alex Kozma, 150 pounds of AMA dynamite, spurted 48 yards for a touchdown. Bill Fisher came in to kick the extra point for this TD just as he was to do for seven of the eight tallies made by his team. Don Johns then scored on a 34 yard jaunt where he carried an Excelsior man the last five yards.

SECOND QUARTER

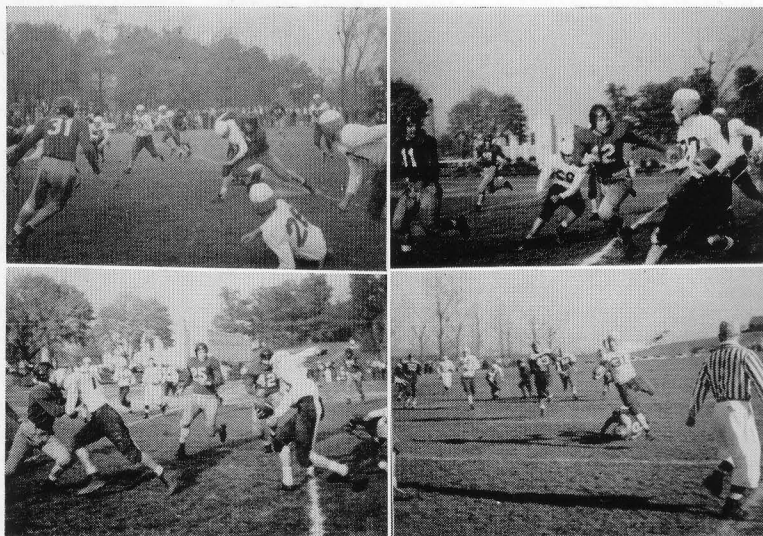

Bill Deuber scored on a pass from Quarterback Charley Murray and then Jim Hagan went over on a six yard sprint around end. Other penalties prevented the game's score from being even higher, Augusta having four of her touchdowns called back. This period showed that the Excelsior Spring's team was completely outclassed by the heavier and more experienced Virginians.

THIRD QUARTER

With the exception of Cazzell's touchdown run, Excelsior Springs deepest penetration into Augusta territory was to the A. M. A. 28 in this period. Losing the ball here, Excelsior could not hold the Augustans as they plowed through the line. From Excelsior's 36, Jim Hagan romped to score and the conversion was good.

FOURTH QUARTER

Piney Field tallied to open this period on a ten yard pass from Johns and Fisher's kick went squarely between the uprights. A few moments later, Eddie Allen picked up the game's final touchdown with a 30 yard return of a partially blocked punt.

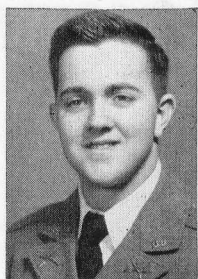

Upper left Allen making a nice gain in VMI game. Upper Right Piney Field going around end for gain against VMI. Lower left Hagan in FMS Game. Lower right Novotni going for a touchdown against FMS.

In all probability the 1948 Tiger season will go down as one of the greatest if not the greatest in the history of this famous eleven in this school.

In the opening game with Lee Hi, Spencer, Singers, Vaughn, and Markey tallied behind the wonderful playing of their teammates.

Fishburne again lost and by the same score despite their improvement. Paxton scored the outstanding play of the game when he, although having an injured shoulder, intercepted an FMS Singers, Vaughn, and Spencer added their poten-

pass and skirted sixty yards for a TD. tial to the victory.

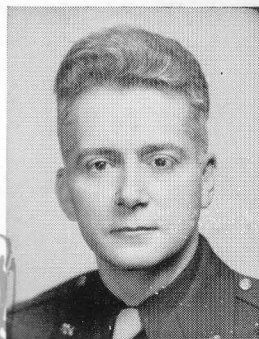

In their annual game with Miller School, the Tigers met determined opposition and felt the first score against them. Spencer, White, and Boone, shared honors for scoring but only with the entire help of the team.

In the next game with Fishburne the Tiger quarterback was hurt on the first play of the game, necessitating a change to a single wing for motion. Handicapped, the Tigers still had sufficient power to score on a pass from Matthews to Markey and to keep FMS within their own forty yard line.

In the return game with Lee Hi, at AMA the visitors came determined to win only to lose to the superior blue team. Again Spencer, Singers, Vaughn, and White shared honors for TD's.

Luray High School varsity brought the single defeat to the illustrious Tigers and by the narrow score of 12-6. A long pass from Boone to Markey gave AMA its only tally despite our serious threats time and again. Due to a mix up of singles, Luray took the ball in scoring position with but seven AMA men playing in this particular play. Then LHS took to the air to score twice to lead and to win the game. AMA came back strong only to be stopped short of the tying tally with the final whistle.

Low Moor High Varsity fell to the power of AMA. Several scores were made by AMA but only one tally by Spencer brought results. Markey completed the pass. Low

Moor on a long pass tallied. LMHS goal line was constantly threatened by the blue and white eleven but with no deciding change in our favor.

In the seasons final, AMA defeated FMS in one of the most thrilling games of the entire two months schedule. White scored first for AMA. Shortly thereafter a FMS passer attempted to throw the ball only to have Vaughn snare the ball out of the air and race back and forth across the field behind the excellent blocking of his teammates and score. The FMS score came through the affliction of seven straight penalties against AMA.

The 1948 Peep team had the distinction of being the only team in the school to go thru their season undefeated and unscored upon.

In the opening game with VSDB the AMA Peeps displayed their superiority and weight to good advantage and Cowell plunged thru center for the first and only tally of the game. Time and again AMA would carry the ball deep into VSDB territory only to lose the ball on eagerness to score.

In the return game with VSDB, AMA again triumphed when Cowell passed to Hanger on the fourth down and Hanger scampered forty yards untouched for a TD. Just before the half ended AMA carried the ball to the six inch line where the whistle for the half brought the threat to score to an end. AMA got going in the third quarter and quickly scored again. In the wanning minutes of the game VSDB started a rally which took the ball to the AMA five yard stripe, only to have the game come to an end.

The first game with Miller School was played in a sea of mud and a continual downpour of rain. Nevertheless, this helped rather than hindered the blue and white team as they used a single wing formation attack. The mud was in favor of our team. Cowell, Hanger, Zagame, and Kendall shared honors by scoring TD's for the victorious team.

In the final game with Miller School, the Peeps showed a coordinate attack and defense which brought results with Vail scoring twice on passes from Cowell. For the extra points Cowell passed to Hanger for one and Ashby passed to Cowell for the other.

The 1949 fencing season will go down as one of the finest three weapons in the history of the sport at Augusta.

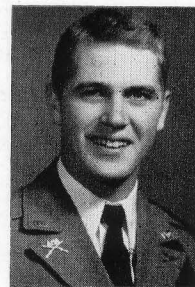

The crowning highlights of the season were the win against West Point which made it three out of four meets with this school and the performance against Navy.

In the foil Paxton defeated the captain of the University of Virginia team and Rudolph defeated the captain of VMI foilsmen.

In the epee weapon Annett led with but two losses out of fifteen tries; followed closely by Gooding who lost four out of fifteen bouts.

In saber Lacy led with eleven wins out of fifteen bouts and Fye came in second with eight wins in the same number of bouts.

The entire foil team will return for the 1950 season and with the newcomers in the epee and saber divisions a bright outlook for the sport is predicted.

The past season was a very successful one for the Augusta riflemen. The team was composed of veterans of last year's team which took second place in the Annual Hearst Trophy Match which duplicated the feat by winning again in 1949. The team captain this past season was Ed Chauncey. The other members of the rifle team who fired in the matches were Agin, Pine, Clements, Hill, Chamblin, and Heimanson. Also last year's team was awarded the National & Intercollegiate Team Match in the Military division. Since the team is ably coached by Sgt. J. E. Marshall and composed of the same members, we feel that once more our school will gain possession of this trophy, as AMA won first place in the Second Army of the National Intercollegiate Match with but one college team making a better mark.

Opening the season against G. M. S. Jr.-Varsity the Jayvees were never the underdogs. Augusta led throughout the entire game although Greenbrier pulled up four points in the last three minutes of playing time to narrow our leading margin. Charley Thompson and Sylvanus were the high point men for Augusta as well as the outstanding players.

After getting off to a good start by beating G. M. S. 43-40 the Jayvees romped over the V. S. D. B. Raiders to the tune of 46-35. The V. S. D. B. basketekers found it difficult playing in our large gym as we scored almost at random. Augusta maintained the lead through the entire game although V. S. D. B. never gave up fighting.

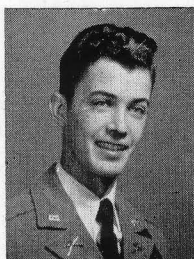

The return game against V. S. D. B. told a different tale. At the beginning it looked as though AMA had the game in the bag when Angle and Sylvanus scored in the opening minutes of the game. The Raiders refused to let us keep the lead as they from the first quarter through the game. The out standing players for AMA were Sylvanus and Angle.

The Tigers bounced back by swamping a highly rated Waynesboro to the tune of 23-10. Allen,

Smith, and Markey led the victors attack.

Lee High was the second victim of the Augusta team by the score of 29-25. Gibson, Smith, and Markey were outstanding for the victors.

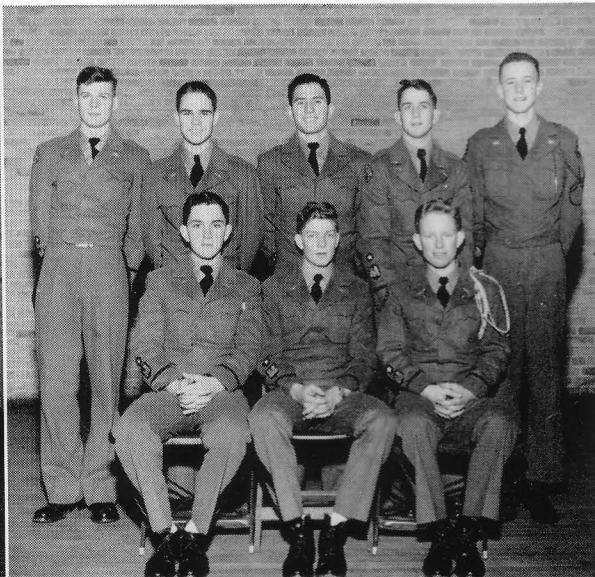

Next the Tigers traveled to Fishburne where they were defeated by a strong Fishburne team 35-32. Markey and Sollod paced the Tiger attack. Gallier and Vaughn played a spectacular game for the losers.

The Tigers revenged this by defeating Fishburne on their own court 35-31. Barnes and Markey led Augusta to victory.

The Peep's squad was centered around the following veterans; Coulter, Hanger, Dabney, Collins, Kline, Lopez, and Bowers. Aside from those are many newcomers; some of them are listed as follows; Carter, McDowell, Bonnie, Yelliot, Madison, Kendall; D., Kendal; R., and Crawford. Great interest was shown by the peeps as they practiced and played.

On their opening game the Peeps outscored the New Hope team by the score of 43-21. Acting coach Ben Angle used every player on the bench. Augusta led from the beginning never endangered by being over scored by the New Hope quintet. Every man on the team got to play at least one quarter or more. In this opening game for the Peeps, Coulter led the scoring with nine points while the other remaining points were divided through the remaining players. The team as a whole did very well in ball handling as well as shooting. Almost every player on the team scored. The first squad was composed of the following boys. Jay Coulter started at center, starting as guards were Hanger and Bowers while the forwards were Dabney and Carter.

When the Peeps traveled to Staunton, they found it quite different as they lost a heart breaker 37-33. Bowers was high point man for the losers with nine points trailing behind in scoring for Augusta was Coulter. The outstanding players for the Peeps were Hanger, Collins, and Bowers. Although Augusta lost, they controlled the rebounds as Coulter got most of them.

OFFICERS OF STUDENT BODY

The six officers of the student body who were elected this year are the custodians of the highest responsibility that may be bestowed upon a cadet. It is now, and always has been, their responsibility to represent the corps in all matters pertaining to the welfare of the school. They must take the best interests of the corps to heart, and this is often a difficult and thankless job. As the strongest link between cadets and faculty, much is owed them.

One would have to go far to find a more able president than Jim Welch. He has proved himself deserving of the honor and capable of handling the task.

In the office of vice-president is this year's first captain, John Morris. It has been his job to assist the president in every way possible, and he has done so to the best of his ability.

Next in line is Lewis Barnes as secretary of the student body. His integrity is above question and his good judgement has been valuable time and time again.

A member of last year's committee, Dick McLaughlin, holds the position of treasurer. His experience and mature judgement have more often than not settled a point upon which the other officers could not agree.

In addition to the above we have two more officers, the sergeants-at-arms. Guy Gooding and Ben Gibson have each done more than his share in making the corps what it is.

HONOR COMMITTEE

Well worthy of the confidence of all members of the corps are the members of the Honor Committee. A seat on this committee is second only to an office in the student body as a position of trust. Not only do they meet as a judicial body, but they also help the officers of the student body in the formation of student policy.

The officers of the student body automatically become the officers of the honor committee and those elected to the major offices of this committee were Welch, Barnes, L. and Gooding.

Besides these officers, other members were Pappas and Crosby, elected from the fourth year class; Cadets Hill, W. R., McLoney, Russell and Miner, elected from the third year class; Cadets Allen, Johns and Miller, M., elected from the second year class; Cadet Piney Field, elected from the first year class to serve in an advisory capacity.

"AD ASTRA PER ASPERA"

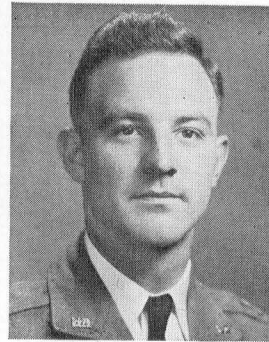

COL. C. S. ROLLER, JR.

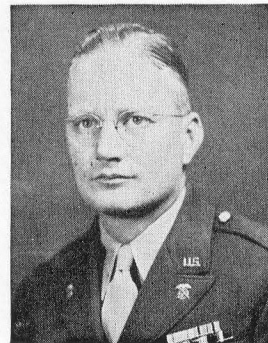

The Ad Astra Per Aspera fraternity was founded at this school June 3, 1924, by Major Charles S. Roller, Jr. Each year has heightened the respect of every cadet for this organization and it has become the most sought-after award presented at graduation.

The election of members is held in June each year by the ten members of the faculty who have served the Academy the longest, and by any cadet who is already a member. The votes are cast for the cadets who are most worthy and deserving of the honor. The ten men receiving the highest number of votes become lifetime members of the fraternity.

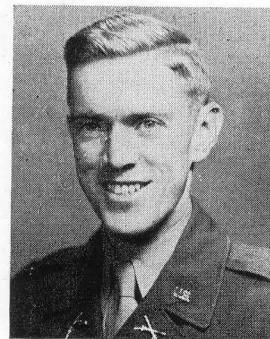

The faculty members are: Col. C. S. Roller, Jr., and Maj. Cyrus McCue, and Capt. E. N. Aldrich. The only cadet member at present is Cadet Captain McLaughlin.

Young Men's Christian Association

"Believe it or Not"! According to Bob Ripley, Augusta has the distinction of having the oldest Y. M. C. A. in the nation. It has been moulded into a great charity organization, ever willing to give aid to any worthy cause or purpose. We feel it a privilege to purchase annually the big Christmas dinner for the Lynchburg Orphanage. The money for this is contributed generously by the cadets at the Christmas program, which is, incidentally one of the finest and largest corps meetings of the entire semester. Also through the entire year the "Y" furnishes, regularly, interesting programs every Sunday night for the benefit of the cadets and visitors.

Probably the greatest reason for the success of the "Y" this year belongs to its officers. Guy Gooding is president of the Y. M. C. A., and the finest fellow anyone would want to know. The efficient Bob Crosby has the honor of being vice-president, while Eddie Allen ably bears the office of Secretary. For treasurer we have elected Milton Miller who does his job well. The other members of the cabinet are, Cadets John Cole, Bob Bradford, George Espinosa, Bill Yeago, Frank Pilley.

Let us also express our gratitude to Mrs. Robinson for her excellent and unceasing interest in all affairs of the "Y." We would be at a great loss indeed without our faithful pianist.

THE 1949 RECALL

Actually since September of 1948, the RECALL staff has been hard at work preparing the annual. The results of these long and toilsome hours are shown in the literary work which they produced. This year's book is full of new ideas and new pictures. Lots of self explanatory pictures were incorporated as well as action shot after action shot of all the different athletics. New and original write-ups were given the seniors and these will be treasured without limit by the graduating class of this year. A new cover was decided on to enhance the appearance of the book and the military section was rearranged so that each individual cadet's name would appear in the same position that he had in his organization.

Without a doubt, this RECALL will be a challenge to the future RECALL staffs and a leader among those already produced.

THE BAYONET

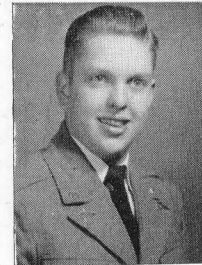

The *Bayonet* was founded in the early nineteen hundreds and was published until 1932 when the paper ceased publication for five years. It then resumed and last year, the big new modern size in which it appears now was introduced. Last year's publication took first place in the national contest sponsored by the National Scholastic Press Association. All events of importance were summarized and accompanied by photographs of the event described. Further honor was brought due to the fact that the *Bayonet* was a member of the Quill & Scroll and of the National Press Association. These memberships brought the *Bayonet* national fame and the exchange column between different schools helped bring fame also.

We honor the *Bayonet* staff who in turn are honored to have been instrumental in obtaining these honors for their Alma Mater.

BIBLE CLASS

The Bible Class was started at Augusta several years ago with the high purpose of teaching the cadets about the Bible. This class is composed of those volunteer students who have an earnest desire to learn something about the Bible.

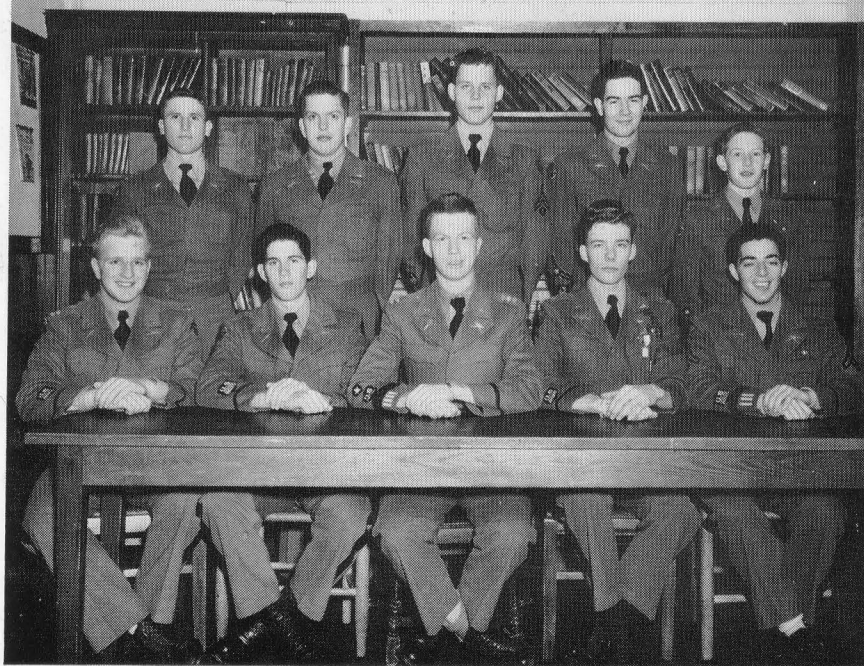

The class meets under the supervision of the Reverend McBryde, pastor of the Augusta Stone Church. He deserves much sincere thanks from every member of the class; for he was instrumental in giving a great deal to each and every one.

Mr. McBryde, who makes the classes very interesting, assigns various questions to each member for discussion at different intervals. The entire class joins in the discussion and sometimes arguments issue. This is very beneficial, as it enables each boy to give his opinions and ideas concerning the subject under discussion, helping not only the boy, but the entire group.

Much credit is due to the officers of the class who were elected at the first meeting. Cadet Frank Spencer was elected President and much credit is justly his. Other officers were Saunders, M., vice-president; Lupton, secretary; and Madison, treasurer.

CICERONIAN LITERARY SOCIETY

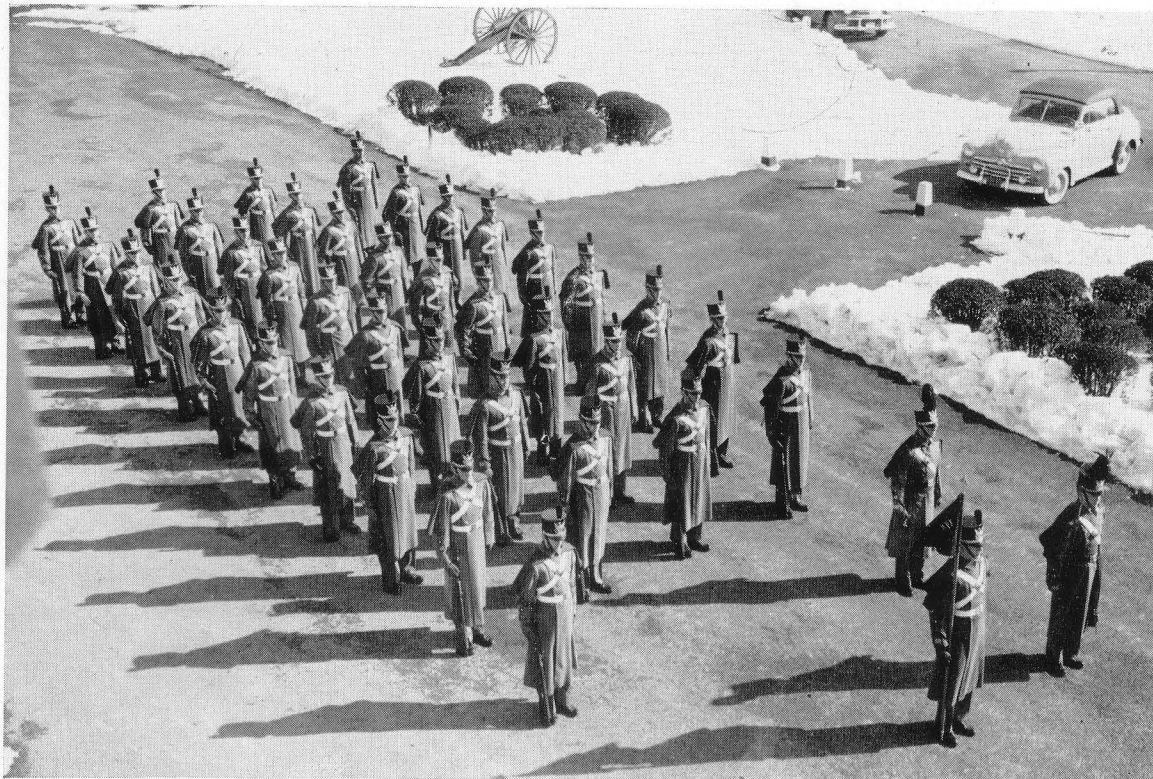

This Literary Society has the honor of being the oldest continuous organization of its kind in the country. It has grown and drawn interest since it was founded and has accomplished its purpose of creating interest in literary works of today and of yesterday. This year's society was presided over by Cadet Guy V. Gooding who has done much for the advancement of literature at Augusta. Bill Paxton filled the office of vice-president, Jim Welch was secretary, Louie Barnes acted as treasurer and Tommy Clements handled the job of sergeant-at-arms admirably.

JUNIOR CICERONIAN LITERARY SOCIETY

This Society is organized for the same purpose as the Senior Literary Society but on a smaller scale. All of the juniors at Augusta attend the Society meetings and take active part in them. The President for this annum was Cadet Robbins who performed his duties without criticism. Other officers were Cadet Hanger, vice-president; Cadet Galvan, secretary; Cadet Bowers, treasurer; and Cadet Howard, sergeant-at-arms.

ROLLER RIFLES

This is the third year of the actual functioning of the Roller Rifles. It is an honorary platoon made up of the best drilled cadets in school for show and competitive purposes. The platoon was organized in commemoration of the late Lieutenant Charles S. Roller, III, and has as its honorary commander Col. Charles S. Roller, Jr. The honorary vice-commander is Miss Linda Moorman Roller, daughter of Lt. Roller. This year's commander is Cadet Captain John Morris; Cadet Captain Jim Welch, executive officer; Cadet First Lt. Dick Young, Platoon Sergeant; Cadet Second Lt. Ben Gibson, Platoon Guide; Cadet First Lt. Walter Jerichow, Guidon Bearer.

To be a member of this organization you must first be nominated by the Honorary Commander and the Professor of Military Science and Tactics, and secondly you must be unanimously approved by the standing platoon. This has grown to be a rank of highest military recognition. This year's platoon is:

COTILLION CLUB

This year's Cotillion Club has well earned the praise of every member of the corps. Carrying on the individual membership plan inaugurated last year, it has sponsored dances of remarkable success. The officers of the Club, though for the most part inexperienced, laid into their job with praiseworthy vigor, and became masters of the art almost immediately.

This year's president was Pete Pappas who has been prominent in A. M. A.'s musical circles. Pete devoted much of his time and effort to the affairs of the Club, and these affairs have met with unequalled success.

Vice-president of the Club was Bob Saunders, a third year man. Bob has long been among the foremost of the Augusta socialites, and his efforts have been invaluable to the Club.

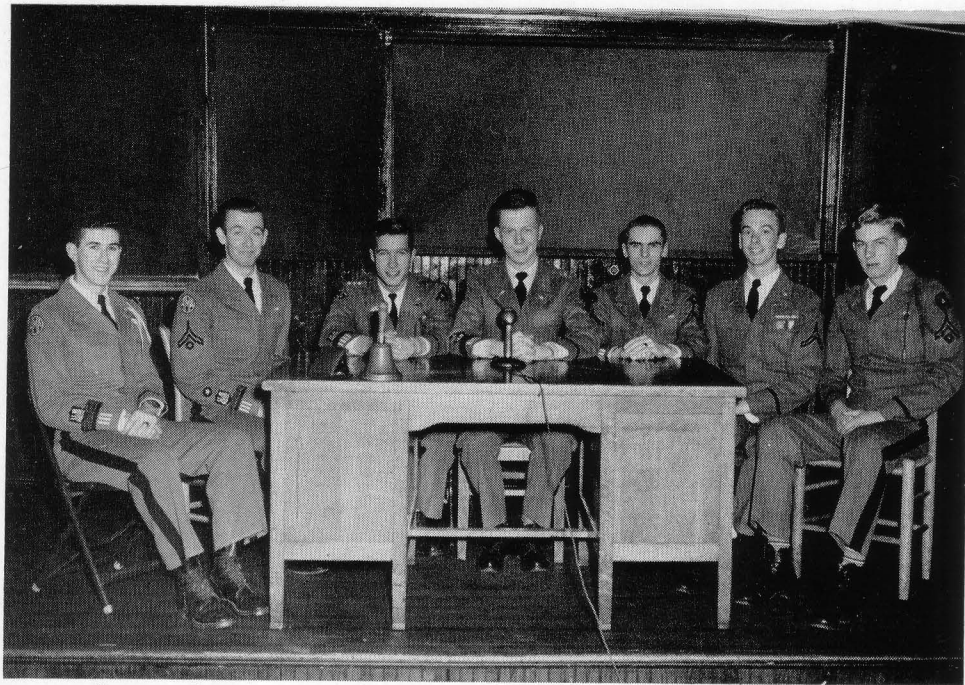

John Morris was chosen to fill the post of Cotillion Club secretary. He has been connected with the management of our social functions for several years. An experienced hand at that sort of work, his service was largely of an advisory nature.

The Club's treasurer was Tommy Clements. In him, the corps made an excellent choice. Tommy's bookkeeping skill, heretofore unknown by everyone, went far to make ends meet.

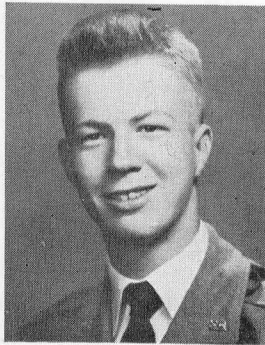

An additional officer was added this year. It was that of Sergeant at arms, and in that position Jimmy Ragsdale did more than his share of the work involved.

The decorations for this year's dances were creditably handled by Bill Dickinson. His imaginative touch has been instrumental in making the dances what they were.

FINAL BALL

This year's Final Ball was among the best ever held. Headed by John Morris and ably advised by Lt. C. E. Savedge, the dance was an event which will long be remembered by those who took part in it.

Johnny Morris who was elected president, worked long and diligently to attain the end—a successful dance. This end has been creditably accomplished.

Ably seconding the president was Pete Pappas, vice-president of the organization. His energies and time for the last few months were almost equally divided between the Cotillion club and the Final Ball, both receiving full benefit of his talents. Without his efforts, for he is well known as a promoter, the dance would almost certainly have been less successful.

Assisting in the capacity of secretary was Tommy Clements the "Birmingham Flash." With his assistance the business affairs of the group were handled well.

Bill Dickinson was appointed chairman of the Final Ball Decorating Committee. He, with his assistants, was responsible for the beautiful way in which the gym will be decorated that night.

In the post of manager was Peter Keys. His drawings for publicity purposes were very effective in promoting attendance.

THE DECORATING COMMITTEE

The decorating committee this year was under the able supervision of Cadet Dickinson with the assistance of Cadets Simpson and Patterson. The members of this year's committee were Cadets Cohen, Kelley, Vaughn, Chauncey, Russell, Paxton, Click, Rohr, Twyman and Fetner.

The boys took great time and care in preparing for the dances. The gym was decorated in a novel way for each dance with an abundance of crepe paper high-lighting the affairs.

A large heart suspended from the ceiling covered with the names of different couples held the prominent position for the annual Mid-Winter Formal.

The cadet corps seemed to be very well pleased with the decorations provided by the committee.

THE FINAL BALL DECORATIONS

The 1949 Final Ball was to the best of our knowledge the greatest one ever to be held at A. M. A.

The decorations came as a great surprise to everyone. The gym was decorated in the traditional colors with the walls two tone blue and a white ceiling. For the first time in the history of Augusta a huge replica of a senior ring was in the middle of the floor.

We believe had it not been for the diligence and creative ability of the previously mentioned committee that the Final Ball could not have been the thing of beauty and the huge success that it was.

CLASS PROPHECY

It's the summer of 1969 as we come in the front gate and amble up to main barracks where the class of '49 is holding a reunion. As we walk along around the bowl, we meet General Frank Conley, air-force chief who is chatting with Ed Chauncey who is in charge of aerodynamics for Lockheed Hudson Aircraft Company. We walk on toward the gym where the gala celebration is being held and when we arrive, we find that most of the alumni have already come. As we enter the door, we find a group of distinguished doctors talking about thoraxes and the like. Leading the discussion is the famous Doctor Mike Hrisis, M.D., Phd., D.D.T. who has graduated from John Hopkins and who also owns a large chain of restaurants from coast to coast. Dr. Jack Folline is now the owner of the largest hospital in South Carolina and he is in earnest discussion with Dr. Marty Agin who is now a psychiatrist in charge of the Belle Vue Hospital in New York. Also with these doctors is Dr. Alfaro, the internationally known surgeon from Panama and General Fetner, surgeon general of the United States Army, who are having an argument with Dr. Hewitt, a baby doctor from Chicago. Their argument concerned whether the saliva gland empties into the bicuspidor tooth or not.

As we move into the gym itself, we see a fencing match going on to the right of the entrance. Upon investigation, we find that Mr. Annett, lawyer and member of the olympic epee team, is putting on an exhibition with Mr. Milton Fye who is on the olympic sabre team. Grimner, who is now a big time athlete, is showing Gibson, the top notch architect who designed the new Empire State building, how to make the famous Grimner hook-shot. Now to go to a windy section of the gymnasium where we find several politicians talking. Ah, there's Lewis Barnes, mayor of Bassett, Virginia and candidate for the United States Senate. Chatting with him is the Honorable Carter Harrison, former District Attorney from New York and now representative from the eighth district there. His Excellency, Thomas Clements, Governor of Alabama is discussing the setting up of a "States Rights" party in Cuba with Señor Garcia, the leader of the party in majority in that country.

There ahead is Mr. Robert Bradford, who directs moving pictures in Hollywood and who is also consulting editor for the New York Herald-Tribune and he is talking to Mr. Davis, who now owns a radio station which he purchased through funds made by selling patent medicine. It seems that there are several lawyers talking in the corner so we amble over to find Mr. Buchman and Mr. Jerichow, both renowned criminal lawyers, talking over their profession with the Espinosa brothers who have opened a law firm in Nicaragua where they have a booming practice between revolutions. Mr. Adams, the well known architectural engineer, and Mr. Al Cowell, owner of the Cowell Ready Mix-Concrete Company are joking with George Chandler, who just invented a revolutionary new can opener operated by electricity. Down next to the punch bowl are several Spanish gentlemen talking in their native tongue. There is Señor Schimmel who owns a large coffee plantation, Señor Giammaria, who also owns a coffee plantation and Señor Rodriguez who owns the largest sugar plantation in Puerto Rica. Coming in the door now is Pete Pappas, the famous band leader and drummer who is now playing at Mr. Robert Saunders' night club, "The Formaldehyde Club" in Washington, D. C.

We stop to chat with Meb Turner, line coach at Notre Dame and he informs us that George Philopolus will be unable to come to the reunion as he is wrestling in Madison Square Garden for the championship of the world. Standing with Meb, we see Leonard Pondfield, player-manager of the Brooklyn Dodgers. Kent Markey, who plays pro-baseball for the Washington Caps, is talking to the swimming instructor at the Naval Academy, "Jim-Bob"

Lane. There is quite a disturbance around the door of the gym as a long black car draws up outside. Out of the car steps Mr. Hugh Owens, Postmaster-General and Congressman Stanley of Virginia who is following in his dad's footsteps. Also in the car is the esteemed Mr. John Shirley, English ambassador to Abyssinia who is in this country to file suit against Al Lubin, the famous radio commentator.

We move on to the band-stand where we spot Grey Kinnie, the nuclear physicist who just devised the world's most powerful atom bomb, and Stanley Hall, head of the Westinghouse physics lab, in earnest conversation. Standing near-by is Buddy Lester, oil magnate from Texas, and Bob Eacho, owner of the Eacho Enterprises. Bill Elton and Bill Lacy, the famous horticulturalists from the Burpee Seed Company, have just discovered a new kind of potato which grows already mashed.

A large group of people are pulling up in front of the gym in a big new modern Shappee Bus. The first man to step from the bus is the famous interior decorator who just redecorated the White House, "Pat" Patterson. Two distinguished looking professors descend next. They are Dr. Phillips, biology instructor at Washington & Lee, and Dr. Singers, head of the mathematics department at M. I. T. Now we see Frank Litton, president of the Litton Fireworks Company who is followed by Bill Dickinson, who has the Ford agency for the state of New York. Now coming out of the vehicle is a naval officer. Upon closer examination, we discover that it is Admiral Twyman, Chief of Naval Communications. At his side is Commander Marozza of the Coast Guard. Dr. Kelley, famous dentist from Baltimore, and Mr. Leckie, pharmacist from the same city, emerge from the door of the bus and it pulls away to park.

Now inside, we see Chuck Pine, president of General Motors, and Dick Vaughan, his chief engineer. Here also is Bill Monroe who owns a chain of theatres from coast to coast. Starring in a play in one of his Broadway theatres is the famous character actor, Bob Myers. Mr. Paisley, head of the Virginia Department of Highways, and his two assistants, Frank Spencer and Bob Simpson are talking with Dr. John Morris, head of the English department at Harvard University. Colonel Chamblin, adjutant to the second army commander, is talking with Guy Gooding, executive scout commissioner of the world. Mr. Robert Fusselbaugh, Secretary to the President of the United States, has just been named Secretary of Defense by the President and he is attending with Dr. James Ragsdale, Dean of the Katherine Mays Finishing School for Girls in Durham, North Carolina.

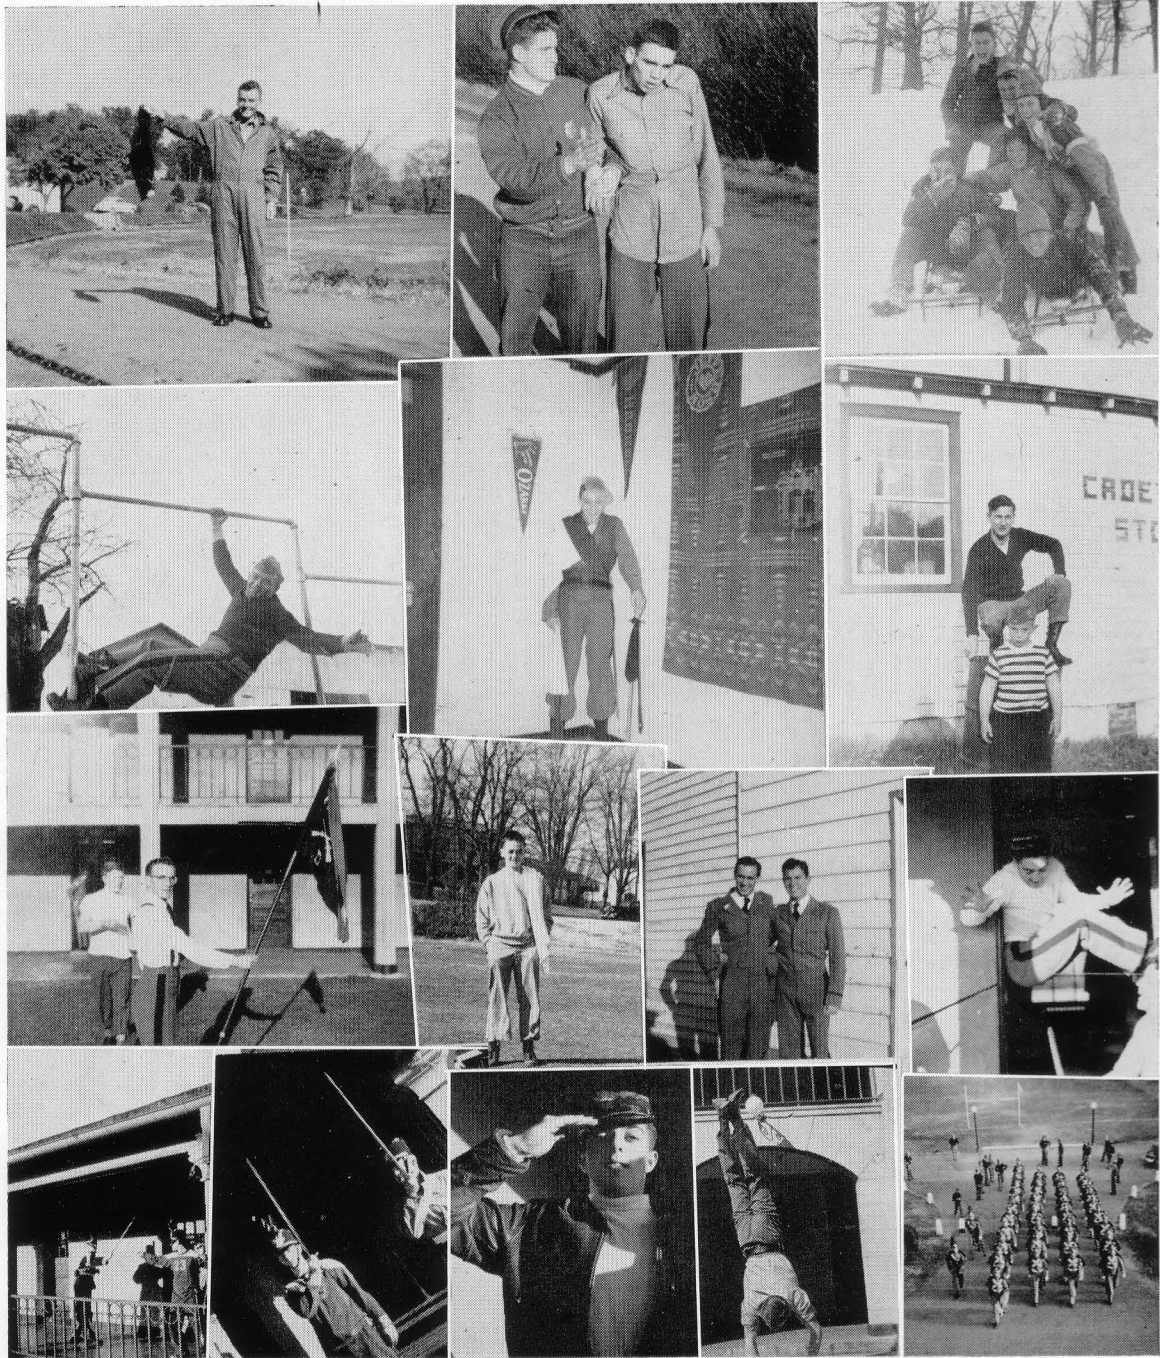

We understand that "Cunul" McLoney, who owns the largest race-track in the state of Kentucky, and Mr. Welch, the famous criminal lawyer will be late due to the fact the McLoney's horse broke down. Welch is so well known as a lawyer that the criminals secure him as their attorney before committing a crime. George Malloy is now playing in romantic pictures opposite Margaret O'Brien and he is now giving his autograph to Bill Rubush, the renowned inventor who just invented an automatic broom. Dan Radman, just bought a famous clothing firm and it is now called Radman & Sons. He is building a new office building which is being designed by Windy Lora and built by the Nemier Engineering Company of which Doug Nemier is president and manager. Charles Koetzle, the professional La Crosse player who has been under the care of Dr. Vail, a bone specialist, is making arrangements for a vacation with Carl Schmitz, owner of several summer resorts in Virginia. Dr. Steinitz, the noted X-Ray specialist, and Dr. Wein, internationally known pediatrician, are discussing the rural health problem with Louie Philhower and Bob Reed, the dairy farmers from East Podunk.

Well, it seems that the class of '49 did all right in this big cruel heartless world of ours. As we leave the gates and head for home, we think back over the elapsed years and wonder when we may meet again and reminisce—reminisce about the days when we were at A. M. A.

MAJOR H. D. DEANE

Fort Defiance Virginia

Sometimes it is the nature of a craft to create an unbreakable tie between itself and the worker in that field, a heart attachment equal to lifetime devotion. One familiar example is PRINTING. Once editor, once compositor, or pressman catches the spirit of the shop, the spell is seldom broken. Like the odor of a camp fire, or a whiff of salt air, the beloved tang of printer's ink, symbolic of a great profession, gets into your heart and soul. School Annuals, Magazines, Newspapers and Special Printing, all smack of it. It is an invisible link that binds all intelligence together. It is the stimulus for creation in business or romance. This craftsmanship, this devotion to service and alertness to business needs, has nourished and developed enormous industrial vitality and whichever way the course of the future runs, the printer will always find himself able to adapt his helpfulness to new opportunity.

YEARS OF EXPERIENCE HAVE TAUGHT US! PRINTING PAYS US ONLY WHEN IT PAYS YOU!
